Philosophy

When your child socializes with other children in a safe, positive, and nurturing environment it will aid in enhancing:

- social skills
- physical development
- emotional development
- creativity
- cognitive development

Each child is special and unique at the **Morning Glory Family Day Care Centre**. The centre staff believe strongly in a "hands on" approach. Children learn through playing, using their senses and by doing. The main role of the staff is to provide modeling and guidance to the children and to respect and acknowledge children's feelings.
